

# Peer Socializing Group

This group will focus on :

- ❖ Improving peer-to-peer communication
- ❖ Interpreting facial expressions, body language, and tone of voice
- ❖ Compromising and cooperation skills
- ❖ Thinking flexibly
- ❖ Picking up on subtle social cues
- ❖ Understanding abstract language

Your child will experience interactions with peers while continuing to develop their social skills .

**\*\* Please do not bring snacks or drinks to the clinic due to allergy concerns. \*\***

## Instructor Information

Roxane Gaul, Speech/Language Pathologist, MA SP/CCC has 40+ years of experience in the area of social pragmatic language disorders and has been with Spot On Therapies ,LLC since 2011. She is talented in assisting children to develop skills in the areas of peer interactions to lead them into the exciting world of socialization, conversational skills, and experiencing the power that emerges from these skills!

Kaitlin Sisson, Speech-Language Pathologist, MHS CCC-SLP, has been with Spot on Therapies, LLC. Since January 2013. Some areas of interest and expertise include executive functioning, social-pragmatic language skills, and building peer interactions. Kaitlin feels it is more important than ever to provide direct instruction and practice in these areas as technology and screen time continue to rise.

**Please contact Spot On Therapies, LLC to register for this group.**
